Mandhya Hayati:

We have reached a decision regarding your submission to ILKOM Jurnal Ilmiah,
"Abstractive Text Summarization using Pre-Trained Language Model
"Text-to-Text Transfer Transformer (T5)"

Our decision is: Resubmit

Best Regards
Editor ILKOM Jurnal Ilmiah

REVISI REVIEWER

Reviewer A:

Quality:

Does the paper reflect excellence of research work? Is it technically sound?:
Solid content

Originality:

Does the paper provide a novel approach? Does it discuss new/unpublished work? Does it contain significant additional material to that already published? (For research articles only, not applicable for review articles, tutorials and case studies):
One step ahead of the pack

Clarity:

Does the paper clearly communicate its message? Are tables and graphics clear to read and labeled appropriately?:
Readable

Relevance:

How well does the content fit the ILKOM Jurnal Ilmiah objectives (interdisciplinarity, bridge between theory and application, international dialogue) and the issue's theme? Is the paper of interest to the readership of the ILKOM Jurnal Ilmiah?:
Close enough

References:

Does the paper contain the appropriate referencing to provide adequate context for the present work?:
Substantially adequate

Summary of evaluation:

What is your global evaluation for this paper?:
Fair

Overall recommendation:

If "Accept with minor revisions", write the comments to the author on the section below and/or upload a file.

If "Accept after major revisions", write the comments to the author on the section below and/or upload a file.

If "Reject", justify below.

:

Accept with minor revisions, provided that the author makes the minor changes suggested

Reviewer familiarity:

How familiar are you with the topic? (will be used to weight the evaluation):

Medium

Explanation on rejection:

If your overall recommendation is to "Reject" this paper, explain why. Otherwise, write "N/A".:

N/A

Comments to the author:

Insert here the comments to the author on how to improve the paper. You can also upload a file (see above "Upload review attachment"). If you have no comments write "N/A":

improve your conclusions by explaining in sentences that are measured according to the value you get based on the process above

Reviewer B:

Quality:

Does the paper reflect excellence of research work? Is it technically sound?:

Good content

Originality:

Does the paper provide a novel approach? Does it discuss new/unpublished work? Does it contain significant additional material to that already published? (For research articles only, not applicable for review articles, tutorials and case studies):

One step ahead of the pack

Clarity:
