ABSTRACT

Exito.ind is an online fashion brand that has a top-class quality at competitive prices. Exito.ind sells its products through online networks such as Facebook, Instagram, Line, and Tokopedia. Exito itself has been selling its products to all regions of Indonesia. However Exito.ind still not so well known because of limited dissemination of information regarding the product and its brand.

Dissemination of information can be done in many ways, one through visual or video. Presentation of visual information can be easier for us to digest the meaning of the contents of the delivery information.

By because the authors plan to create a promotional video with videography and motion graphics method that aims to strengthen the delivery of information to the layman or the general public programs, products, and introduces Exito.ind.

Keywords: Video, Advertising, Promotion, Exito
